# Before you Leave ...

**PASSPORTS:** Get one as far in advance as possible.

**INTERNATIONAL STUDENT ID CARDS** (ISIC)—Discount cards are \$22 available through STA travel.

**INSURANCE**: All students on Loyola programs will have health insurance through the Lewer Agency. Information is available on the CIE web site. A card and an information sheet will be distributed upon arrival Friday morning (7/13).

**READ!** Read as much as you can about Belgium and the surrounding European countries before you leave.

Follow the newspapers and magazines on political and social developments. Read some thumbnail histories and books or articles about art and architecture. The more you know, the more you'll appreciate this wonderful experience.

**COURSE BOOKS:** The following books can be purchased in the History Department Office BO 428. \$10.00 each

Dr. Moore – The American Character Dr. Cook – The History of Belgium

**BAGGAGE REGULATIONS**: <u>United Airlines</u> baggage and fee information as of January 10, 2012:

CARRY-ON: One carry-on item & one personal item such as a shoulder bag, backpack, laptop bag or an item of similar size.

CHECKED LUGGAGE: One bag weighing no more than 50 lbs. (22.68 Kilos). You can check one additional bag for a fee of \$70.

**PACKING ADVICE**: Veteran travelers travel light. We won't have porters, so don't take any more than you can comfortably carry. We'll probably have some cool weather and some warm weather so you might want to bring shorts and a sweater or light jacket. Jeans are universal in Europe. Europe is much less formal than 10 years ago.

### OTHER ITEMS TO CONSIDER:

Toiletries – comparably priced, but selection varies
Take comfy shoes – we walk a lot
A small umbrella
A small dictionary
An alarm clock (battery powered)
A notebook

**WEATHER**: Bring lightweight, comfortable clothing, and a sweater or a jacket for the evening. Temperature can vary from the 50s to the lower 80s (°F). Recently we've had mostly cool weather averaging in the 60s (°F).

**ELECTRICITY**: U.S. and Belgium/Europe have different systems. Power transformers are less reliable for hair dryers and curling irons so such items are best purchased at a discount store in Leuven such as HEMA. All U.S. plug-in devices, including computers and electric shavers (which do not require transformers) will require U.S. to Belgium plug adapters.

## **SOME USEFUL WEBSITES:**

www.statravel.com

**WEEKLY MAGAZINE:** *The Bulletin*, one of the most useful weekly magazines, it is published every Thursday and is filled with Belgian news, articles, information on special events, restaurants reviews and useful addresses.

# Words to the Wise ...

1) Be sure to bring your passport. Have a xeroxed copy of your passport with you. Do not

keep it in the same place as your passport. Leave a xeroxed copy of your passport with someone at home. Make sure that your parents have your credit card numbers in case the cards are stolen or lost.

- 2) Have a prescription for any necessary medicines. Bring medicines in a prescription bottle. BRING ANY MEDICATIONS THAT YOU NEED REGULARLY OR OCCASIONALLY (in sufficient quantity for our stay). Carry them with you, don't pack in checked luggage.
- 3) Bring a robe.
- 4) Bring comfortable shoes, e.g. tennis shoes or walking-shoes, not just flip-flops.
- 5) Bring a sweater (sweatshirt), a couple of long sleeve shirts, and jeans. It is sometimes chilly in Belgium in the summer.
- 6) Bring an umbrella or raincoat. We walk rain or shine.
- 7) Bring an alarm clock (battery). You must often arise early for class and the bus trips.
- 8) Be aware that U.S. electrical appliances will not work on European current. See page 7 about electricity.
- 9) To withdraw money with a credit card, a pin number is necessary.
- 10) Get appropriate syllabi and books, and do required work in advance. That will make your trip more pleasurable and your class performance more successful. This is a STUDY program.
- 11) You may travel on your long and short weekends but you **cannot** miss a single class or come back later than midnight on Sunday. Paris and London are interesting and feasible cities to reach.

- 12) Pack lightly. You have to carry your own luggage and some of you will be on the third floor (there is no elevator). Check the airline's web site for its current checked and carry-on luggage policy. There is an extra charge for over-weight luggage. Make sure that you can lift each bag. There are token-operated washing machines at Loyola House, so you can wash clothes in Leuven.
- 13) You will be representatives of America. Notice how Europeans behave while walking on the street, while eating in cafes, while enjoying themselves in bars or coffee houses. Enjoy yourselves but notice that most Europeans do not walk down the street shouting. Pay attention to the level of voices when you are eating and/or drinking. Have fun but respect local customs.
- 14) Realize that you are guests in a foreign country. You will have a broadening experience if you try to realize how the behavior and tastes of Europeans differ from those of Americans. Do not expect people to act like Americans or for everything to be like America. If that is what one wants, one should not travel. Be open and broad-minded. It would be rude and small minded to criticize or make fun of the way other people live, behave, appear, or dress in their own country.
- 15) I think you will have a wonderful, enjoyable, and broadening experience. Make the most of it by being open to the differences, which you will experience.
- 16) You will undoubtedly meet some very nice and interesting people at Loyola House and in Leuven. Our students have enjoyed socializing with Belgian and other European students. However, especially when traveling and when you are in a strange place, never go off alone with a person whom you have just met, no matter how neat he/she might seem. Bad things sometimes happen to good people who do stupid things.
- 17) Students have had difficulty with U.S. pre-paid phone cards. Reliable phone cards can be purchased in Belgium.
- 18) Skype works.
- 19) Courtesy requires that you be considerate about noise in Loyola House after 11 pm. Try to be quiet as you return to the building in the evening. Do not slam doors or yell. Do not play music with your doors open in the evening. A list of house rules will be on your desk when you arrive in your room.
